Claims 1 – 20 (canceled)

21.   (currently amended) In a system that is configured to be associated with healthcare services, a method for ~~dynamically~~ generating, displaying and recording healthcare service information, the method comprising the steps for:

electronically selecting a pool of healthcare procedures ~~one or more healthcare procedures~~ characteristically performed by a particular healthcare provider of a healthcare facility for inclusion in a ~~dynamically~~ customizable form, wherein the pool of healthcare procedures reflect the medical services rendered by the particular healthcare provider;

electronically selecting one or more healthcare diagnoses characteristically employed by the particular healthcare provider for inclusion in the customizable form, wherein the one or more diagnoses areas~~a~~ reasons for performing at least one of the ~~one or more healthcare~~ procedures from the pool of healthcare procedures characteristically performed by the particular healthcare provider~~for inclusion in the dynamically customizable form~~;

generating the ~~dynamically~~ customizable form for use in association with ~~by~~ the healthcare provider ~~in providing~~ rendering one of the procedures from the pool of healthcare procedures~~a healthcare service to~~ on a patient; and

using the ~~dynamically~~ customizable form in association with rendering one of the procedures from the pool of healthcare procedures ~~providing the healthcare service to the patient~~ by selecting at least one of:

(i)   a diagnosis ~~one of the diagnoses characteristically employed by the particular healthcare provider~~of the customizable form; and

(ii)   a ~~one of the~~ procedures ~~characteristically performed by the particular healthcare provider~~of the customizable form.

22.   (currently amended) A method as recited in claim 21, wherein the step for generating the ~~dynamically~~customizable form is performed during an examination of the patient.

23.   (currently amended) A method as recited in claim 21, wherein the step for generating the ~~dynamically~~customizable form comprises ~~the step for providing~~including in the ~~dynamically~~customizable form at least one of:

(i)   one or more other healthcare procedures characteristically used by another healthcare provider of the healthcare facility; and

(ii)   one or more other healthcare diagnoses characteristically employed by another healthcare provider of the healthcare facility.

24.   (currently amended) A method as recited in claim 23, wherein the ~~one or more~~pool of healthcare procedures characteristically performed by the particular healthcare provider and the one or more other healthcare procedures used by another healthcare provider are healthcare procedures ~~typically used at~~characteristically performed by healthcare providers of the healthcare facility.

25.   (currently amended)   A method as recited in claim 23, wherein the one or more healthcare diagnoses characteristically performed by the particular healthcare provider and the one or more other healthcare diagnoses employed by another healthcare provider are healthcare diagnoses ~~typically~~ characteristically used ~~at~~ by healthcare providers of the healthcare facility.

26.   (currently amended)   A method as recited in claim 21, further comprising ~~the step for~~ customizing the ~~dynamically~~ customizable form to reflect all of the healthcare ~~specialities~~ procedures performed ~~provided~~ at the healthcare facility.

27.   (currently amended)   A method as recited in claim 21, wherein the step for using the ~~dynamically~~ customizable form includes ~~the step for~~ using the ~~dynamically~~ customizable form to automatically create an accurate billing record ~~for the service provided to~~ statement for the patient.

28.   (currently amended)   A method as recited in claim 27, wherein the step for using the ~~dynamically~~ customizable form to automatically create an accurate billing record is performed in real time.

29.   (previously added)   A method as recited in claim 28, wherein the billing record corresponds to standards established in the industry.

30.   (cancelled)

31.   (currently amended)   A method as recited in claim 21, wherein the step for using selecting one of the procedures and one of the diagnoses on the customizable form is performed electronically.

32.   (currently amended)   A method as recited in claim 21, wherein the step for using the dynamically customizable form in association with providing the healthcare service to the patient includescomprises the steps for:

identifying any procedures used on the patient;

identifying any diagnoses employed to cause the procedures to be used on for the patient; and

preserving the dynamically customizable form with the identified diagnoses and procedures as part of a medical history for of the patient.

33.	(currently amended)	A computer program product for implementing within a computer system a method for ~~dynamically~~ generating, displaying and recording the healthcare information, the computer program product comprising:

a computer readable medium for providing computer program code means utilized to implement the method, wherein the computer program code means is comprised of executable code for implementing the steps for:

receiving a selection of a pool of ~~one or more~~ healthcare procedures characteristically performed by a particular healthcare provider of a healthcare facility for inclusion in a ~~dynamically~~ customizable form, wherein the pool of healthcare procedures reflect the medical services rendered by the particular healthcare provider;

receiving a selection of one or more healthcare diagnoses characteristically employed by the particular healthcare provider for inclusion in the customizable form, wherein the one or more diagnoses are ~~as a~~ reasons for performing at least one of the ~~one or more healthcare~~ procedures from the pool of healthcare procedures characteristically performed by the particular healthcare provider~~for inclusion in the dynamically customizable form~~;

generating the ~~dynamically~~ customizable form for use in association with ~~by~~ the healthcare provider ~~in providing~~ rendering one of the procedures from the pool of ~~a~~ healthcare procedures ~~service to~~ on a patient; and

providing the ~~dynamically~~ customizable form for use ~~by~~ in association with rendering one of the procedures from the pool of ~~the~~ healthcare proceduresprovider ~~in association with providing the healthcare service to the~~

patient, wherein the step for providing the ~~dynamically~~-customizable form for use comprises <u>at least one of</u> the steps for:

(i)   selectively receiving a selection of ~~one of the diagnoses~~ <u>a diagnosis of the customizable form</u> ~~characteristically employed by the particular healthcare provider~~; and

(ii)   selectively receiving a selection of ~~one of the~~ <u>a</u> procedures <u>of the customizable form</u> ~~characteristically employed by the particular healthcare provider~~.

34.   (currently amended) A computer program product as recited in claim 33, wherein the step for generating the ~~dynamically~~ customizable form is performed during an examination of the patient.

35.   (currently amended) A computer program product as recited in claim 33, wherein the step for generating the ~~dynamically~~ customizable form comprises ~~the step for providing~~ <u>including</u> in the ~~dynamically~~ customizable form at least one of:

(i)   one or more other healthcare procedures <u>characteristically</u> used by another healthcare provider of the healthcare facility; and

(ii)   one or more other healthcare diagnoses <u>characteristically</u> employed by another healthcare provider of the healthcare facility.

36. (currently amended) A computer program product as recited in claim 35, wherein the ~~pool of~~ one or more healthcare procedures characteristically performed by the particular healthcare provider and the one or more other healthcare procedures used by another healthcare provider are healthcare procedures ~~typically~~ characteristically performed by healthcare providers of ~~used at~~ the healthcare facility.

37. (currently amended) A computer program product as recited in claim 35, wherein the one or more healthcare diagnoses characteristically performed by the particular healthcare provider and the one or more other healthcare diagnoses employed by another healthcare provider are healthcare diagnoses ~~typically~~ characteristically used ~~at~~ by healthcare providers of the healthcare facility.

38. (currently amended) A computer program product as recited in claim 33, wherein the computer program code means further comprises executable code for implementing the step for customizing the ~~dynamically~~ customizable form to reflect all of the healthcare ~~specialities~~ procedures performed ~~provided~~ at the healthcare facility.

39. (canceled)

40.   (currently amended) A computer program product as recited in claim 33, wherein the computer program code means is further comprised of executable code for implementing the step for automatically converting information from the ~~dynamically~~ customizable form into an accurate billing <u>statement for</u> ~~record for the service provided to~~ the patient.

41.   (previously added)   A computer program product as recited in claim 40, wherein the step for automatically converting information is performed on a real time basis.
